**"Dance with all your heart to the beat of your dreams." Zhili we are so proud of the beautiful young lady you are becoming!  
Love,  
Dad and Mom**

Dear Zhili,

You have done an excellent job to meet ballet classes throughout this year's training and we are so proud to help the work hard of ballet techniques, which is dancing for fun!

This is a big step in a dancer's training and we want you to enjoy this great experience. You are practicing your own personal style and we will be there to help you along the way. Next year, dancers are welcome to take any one of our ballet or pointe classes to help you gain more confidence in your own dance. If you plan on attending the TNDC July Master Ballet Classes with Yuhua, having a good idea of your own dance style to be ready for those classes.

To get started you will first need to purchase **Class Pack Buttons for Ballets**. These are one pack that parents can buy while receiving your pointe shoes. We also recommend to **Book Me by Ballets** to save the effort and time to your class. Both of these items are available at Training Pointe Department. Your TNDC teachers can help you with the ordering process. Ballets can also come with **handouts for dancers to practice their feet and to use with pointe shoes. Ask Miss Watson at Training Pointe about them.**

All TNDC Ballet teachers are available for Private Lessons that you can schedule your private work over the summer. When it is time to register for the fall TNDC pointe classes to take a minimum of 2 ballet technique classes to help your technique, control, ankle and foot work during the summer. Because dancing is your primary focus, a certain amount of private lessons are recommended. Any additional ballet classes and private classes are encouraged.
